

Product Description Be the first to review "Continuous Power 350kw Portable and Container Type Natural Gas Biogas LNG Generator - Gas Generator and Biogas Generator"

The power pack is specifically designed used as power source for reefer container plugs. The power pack supplies electrical power for ISO container refrigeration systems.

King Powr provides solutions to gas generator, biogas generator, coal-bed gas generator, biomass generator, the CHP system, etc. And committed to become a pioneer in gas and diesel power industry.

Q1: How many devices can this generator power?A1: It depends on the total power of the devices you want to run. If you can list the power ratings of each device (such as air conditioners, water pumps, ...

Its power quality meets standard requirements, making it suitable for locations demanding continuous and stable power supply. Its notable economic efficiency is reflected in its low gas consumption rate.

Product Name:Silent Soundproof Diesel Generator Material:Steel Output Type:AC 1 Phase/3 Phases Phase:3 Phase 4 Wire, Single Phase Generator Type:Silence Generator Set Package:Standard ...

This series of generator sets can use natural gas, biogas, straw gas, biomass gas, liquefied petroleum gas and coalbed methane as fuel gas for power generation. At the same time, it can achieve ...

our eco&#176; GEN-C series features all-in-one packaged power generation solution, engineered for mobility, easy deployment and scalability. each power container is engineered to meet specific application ...

Introducing the Offshore Deck Electricity Containerized Power Pack Generator, specifically designed for 20ft and 40ft reefer containers. This robust generator is equipped with 40 sockets and provides a ...
