

BigBattery provides lithium-ion battery packs that are perfect for powering any off-grid solar application. Browse our products today to find what you need.

In this guide, we'll walk you through: what the different battery types are, why lithium (especially LiFePO4) stands out for off-grid use, how to choose a battery for your needs, and 5 ...

The EnerC+ container is a modular integrated product with rechargeable lithium-ion batteries. It offers high energy density, long service life, and efficient energy release for over 2 hours.

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

Built for use in off-grid electrical systems powered by solar energy, Dakota Lithium batteries will give you twice the run time as your AGM or lead acid house battery while lasting 8x longer, providing ...

Find exactly what you need in our extensive collection of lithium battery packs for solar containers, and narrow down your options by speaking with one of our experts!

(1-Pack) 3.7V 4400mAh Li-ion Rechargeable Battery Pack with JST-PH2.0 2-Pin Connector for Electronics, LED Lighting, Low-Drain Devices, Outdoor Lights, Toys, GPS, Speakers, Fire Alarm

"Big Battery made converting our 48v lead acid EZGO cart to lithium a breeze. Our cart is lighter, faster and the range went up dramatically using just a single Falcon Elite battery.

The Energy Storage Controller Inverter Integrated Machine combines the functions of inverter, MPPT solar controller and utility charging to provide stable power supply for power-using equipment in ...

Discover lithium battery containers with IP65 protection, LiFePO4 cells, and 6000+ cycles. Ideal for solar & commercial energy storage. CE certified.
