Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

To save a bit of money instead, you can source your own solar panels, solar charge converter, batteries, inverter, and wiring, then make it all play together.

Our comprehensive selection of off-grid power inverters, solar products, customized solar kits and batteries provide reliable power anywhere you need it.
