

WALMER ENERGY specializes in photovoltaic energy storage systems, BESS solutions, mobile power containers, EMS management systems, commercial storage, industrial storage, containerized ...

BKW produces, stores and markets energy. It is the largest distribution grid operator in Switzerland and offers a wide range of energy products.

Citizens Energy Corporation and Schneider Electric are receiving a Top Project of the Year award from Environment+Energy Leader. The Daughters of Mary Microgrid project interconnects four critical ...

With its hydroelectric power plants in the Alps and innovative projects, Switzerland is contributing to the search for solutions for the efficient, long-term storage of electricity.

This report provides an initial insight into various energy storage technologies, continuing with an in-depth techno-economic analysis of the most suitable technologies for Finnish conditions, namely ...

Discover how Bern's innovative energy storage initiatives are addressing grid stability challenges while creating opportunities for international collaboration in renewable energy solutions.

We research electricity storage solutions for mobility and the supply of power. Our goal is the integration of renewable energies and the replacement of fossil fuels.

That's essentially what the Berne Integrated Energy Storage Project aims to achieve - but instead of chewing through AA batteries like your TV remote, we're talking about storing enough ...

Primeo Energie will use our storage system to provide energy flexibility. The battery stores surplus electricity from renewable sources and feeds it back into the grid as needed. In this way, fluctuations ...

Imagine having a Swiss Army knife for energy--compact, versatile, and ready to power anything from a remote construction site to a weekend camping trip. That's exactly what Bern Energy Storage Mobile ...
