

Durable lithium battery pack custom manufacturer

As a premier custom battery pack manufacturer, we design and assemble high-performance lithium-ion, LiFePO₄, and LiPO solutions tailored to your exact specifications.

Your specialist custom lithium-ion battery pack manufacturer. We design and manufacture custom lithium battery packs for diverse industries.

Utilizing advanced mechanical and electronic battery design tools and test equipment, as well as extensive custom battery pack design and engineering experience, Custom Power is able to optimize ...

Based on your requirements, we design a tailor-made battery solution including cell selection, BMS integration, mechanical housing, and connector interfaces. We then build a functional prototype for ...

At Lithion, all of our battery packs are of the highest quality and efficiency. To simplify your choices, you can contact us and together we can talk through your unique energy requirements to create custom ...

Li-ion battery packs manufactured by Gushine are engineered for a wide range of applications, from handheld terminals and smart hardware to robotics and medical devices. As a full custom solution ...

From lithium-ion to NiCd and alkaline, we design and build battery packs tailored to your needs. Get reliable, high-performance power for any application.

We offer custom housing solutions that ensure your battery pack fits perfectly within your device, with options for waterproofing, shock resistance, and temperature regulation.

Custom lithium battery pack manufacturer offering expert design, BMS integration & assembly for robotics and industrial use. Get your reliable power solution.

Whether you need a standard 18650 configuration or a fully customized lithium-ion solution, our team will create a reliable, high-performance battery pack designed to power your products safely and efficiently.

SOLAR PRO.
