

# Fast charging of outdoor telecom enclosures in australia

What types of outdoor enclosures does Aze offer?

AZE offers a comprehensive range of outdoor enclosures for virtually any installation. Designed to NEMA Type 3R, NEMA Type 4 or IP rating requirements, our outdoor cabinets and enclosures protect equipment from harsh environmental conditions.

Are Aze outdoor enclosures rated NEMA 3R rated?

Built to be tough and dependable, AZE's outdoor enclosures rated NEMA 3R offer ventilated options. This does reduce the protection against windblown dust, but this protection can be enhanced by using screens and/or air filters placed in the louvered openings. NEMA 3R enclosures offer superior protection in both indoor and outdoor environments.

What makes a good outdoor enclosure?

With inbuilt stainless steel filters for dustproofing, a quick and easy knock down assembly for easy assembly and rapid deployment, our range of outdoor enclosures are ideal. With stainless steel hinging, advanced air exhaustion whilst keeping protection, the 100mm base re-inforces its waterproofing technology.
