

# Hainan Free Trade Port Server Rack Explosion-Proof Upgraded Version

Building the Hainan FTP with high standards is aimed at advancing high-quality development of Hainan and contributing to forging a new development paradigm nationwide, Xi said.

As global trade faces rising tariffs and growing protectionism, China is moving in the opposite direction by opening one of its doors wider. That door is Hainan, a tropical island now being ...

A liberalised and revitalised port provides a new entry port for China shipping and for exporters seeking to access China. This will stimulate new logistics chains and depots in the ...

With a zero-tariff system fundamentally in place after the independent customs operation, high-quality global resources can flow into Hainan with greater freedom and efficiency, Wu said. ...

China unveiled the master plan for the Hainan FTP in 2020, aiming to build the island into a free trade port with Chinese characteristics by 2025 and a mature, internationally competitive...

China's model for high-quality opening-up has always been about disciplined experimentation -- policy laboratories that balance liberalization with control. The Hainan Free Trade ...

In April 2018, China announced plans to transform the island into a pilot free trade zone, with a long-term vision of developing a free trade port with Chinese characteristics. A master plan released in 2020 ...

The Hainan FTP will officially launch island-wide special customs operations on Dec. 18 this year, which Xi said is a landmark move of China to unwaveringly expand high-standard opening ...
