

# Industrial and commercial energy storage battery shipment ranking

What are the top 10 energy storage battery cells shipments?

The top 10 global energy storage battery cells shipments include well-known companies such as CATL, BYD, and EVE. Through continuous innovation and technological breakthroughs, they have become a leader in the energy storage battery industry and have made important contributions to the development of the global energy storage field.

What are the top 10 battery manufacturers in 2024?

Among the top 10 global battery manufacturers (power + energy storage) in 2024, six are Chinese companies: CATL, BYD, EVE Energy, CALB, Gotion High-Tech, and Sunwoda. Three South Korean companies--LG Energy Solution, Samsung SDI, and SK On--along with Japan's Panasonic also made the list. Part 1.

Breakdown of the Top 10 Battery Shipments in 2024

How big is China's battery market in 2024?

(Note: All data sourced from SNE Research and industry reports.) CATL leads with 491GWh as China dominates 2024's 1.3TWh global battery shipments. See rankings, growth trends, and key players in power & energy storage.

Who is CATL battery?

CATL is the world's leading manufacturer of new energy vehicle power batteries in these Top 10 global energy storage battery cells. Its products mainly include power battery systems, energy storage battery systems and power battery modules.

According to InfoLink's Global Energy Storage Supply Chain Database, global energy storage cell shipments totaled 410.45 GWh in Q1-Q3 2025, up 98.5% YoY. In Q3, resonating ...

InfoLink Consulting has launched its global database of the lithium-ion battery supply chain, an essential element for the development of photovoltaic and wind energy. According to ...

PCS shipments to front-of-the-meter (FTM) energy storage siting accounted for over 50% of total global shipments over the forecast period (2023-30), with the United States and China mainland accounting ...

CATL leads with 491GWh as China dominates 2024's 1.3TWh global battery shipments. See rankings, growth trends, and key players in power & energy storage.

The top 10 global energy storage battery cells shipments include well-known companies such as CATL, BYD, and EVE. Through continuous innovation and technological ...

Discover China's top 10 industrial and commercial energy storage suppliers, market trends, and technological advancements.

# Industrial and commercial energy storage battery shipment ranking

Global energy storage system shipment ranking The five largest battery energy storage system (BESS) integrators have installed over a quarter of global projects. Mainland China battery ...

The rankings are based on shipment data from InfoLink's Energy Storage Supply Chain Database. In Q1 2025, China's market showed steady growth, the U.S. market saw front-loaded shipments, and ...

If 2024 was the year energy storage went mainstream, 2025 is when it's hitting the gym and bulking up. Global energy storage battery shipments are projected to reach 392 GWh in 2025, ...

Global shipments of energy storage batteries surged by 60% year-on-year to 314.7 GWh in 2024, with China's CATL ranking first, according to data from the consulting firm InfoLink ...
