

Intelligent Energy Storage Cabinet with Constant Temperature and Humidity

Outdoor cabinet products use high-performance LFP cell, cycle life up to 8000 times. Products adopt an active balance solution, built-in cloud equipment, support remote maintenance and monitoring, and ...

With extensive experience in the pharmaceutical, chemicals, and electronics industries, we provide climate controlled storage solutions that meet stringent industry guidelines.

This electric storage cabinet keeps temperature steady between 54-72°F and maintains ideal humidity levels for long-term preservation. Without proper storage, fluctuations in temperature ...

Discover our high-efficiency, modular battery systems with zero capacity loss and rapid multi-cabinet response. Ideal for industrial, commercial, and emergency applications, our solutions offer remote ...

Especially suitable for some precious and infrequent cultural relics, for long-term storage and management. The equipment includes the CE & ROHS certification certificate.

Keep insulated tools, PPE, and test instruments within a safe operating envelope. Our climate controlled storage cabinets deliver stable temperature and humidity, so rubber, polymer, and composite ...

1. Does the product support capacity expansion? Yes, can be expanded up to 12 ...

1. Does the product support capacity expansion? Yes, can be expanded up to 12 kWh and can be expanded up to 24 kWh when paired with a parallel drain plug. 2. What is the battery type of the ...

With the P500E, you can transfer energy bi-directionally to the battery, grid and DG, helping you to achieve more functionality and maximise the benefits of your energy storage system.

Designed for those who appreciate both function and style, this temperature-controlled storage cabinet ensures your collection is preserved in optimal conditions.
