

Microgrid Engineering Conferences lists relevant events for national/international researchers, scientists, scholars, professionals, engineers, exhibitors, sponsors, academic, scientific and university ...

September 24-25 in San Francisco focuses on microgrids in North America for energy decarbonization, decentralization, reliability, resiliency, renewables integration, and cost efficiencies

Held during June 12-14, 2026 in Xi'an, China, the conference aims to bring together leading researchers, engineers, and industry professionals to discuss the latest advancements and challenges in the ...

We are pleased to announce the tutorial and keynote speakers. Please click the links below to download. The top-level schedule for the conference is shown below.

The 19th annual Symposium on Microgrids will be held on 9-13 November 2025 at the Shenzhen Institutes of Advanced Technology, Chinese Academy of Sciences, and the University of Macau.

Microgrid Knowledge 2026 is set to take place at the Renaissance Orlando at SeaWorld, showcasing the transformative potential of microgrids in the evolving energy landscape. This ...

This year's event will dive into the urgency of fractionalized energy systems, the growing impact of grid-edge technologies, and how microgrids are redefining energy independence in real time. The future ...

The 20th edition of the Microgrid & Off-Grid Innovation Forum, September 30 - October 1, 2025 in Austin, TX brings together technology innovators, project developers, utilities, energy ...

To provide an opportunity for the microgrid community to engage with and learn from leading experts in the field and one other, HOMER Energy created the first HOMER International Microgrid Conference ...
