

Male solar battery cabinet lithium battery pack customization

What is a solar battery enclosure?

Free-standing enclosures and floor-mounted enclosures are perfect either for large solar batteries or many batteries that are too heavy to be wall-mounted or pole-mounted. Free-standing battery enclosures could be of any height, width, and depth according to your requirements. They can be portable if you choose to include casters.

What is a wall-mounted solar battery enclosure?

Wall-mounted enclosures use mounting brackets, screws, and pads for installation onto a wall. Wall-mounted solar battery enclosures are perfect for small batteries in public places. Also, this design is the most common one for solar battery enclosures. Wall-mounted battery enclosure

How to customize a battery enclosure?

Silk screening is the easiest and most cost-effective method of customization of battery enclosures. Any flat side of the enclosure can be silk-screened with labels, warnings, serial number, your company name and logo. Silk screening in red Engraving your battery enclosure is another customization method.
