

Mauro Moroni offers a quick guide to revenue sources for Italian battery energy storage systems (BESS), including the Testo Integrato del Dispacciamento Elettrico (TIDE), zonal spreads, ...

US-based solar developer-operator Emeren Group Ltd (NYSE:SOL) has offloaded 293 MW of battery energy storage system (BESS) projects in Italy to global renewables platform Matrix ...

Italy's Ministry of the Environment and Energy Security (Mase) has issued final approvals for five new battery energy storage system (BESS) projects, paving the way for 361 MW of new ...

The Battery Energy Storage System (BESS) industry has experienced remarkable growth in recent years, driven by the global shift toward renewable energy and the increasing need for reliable grid ...

An independent energy storage project in Nagchu, Xizang autonomous region, was successfully connected to the State Grid and began transmitting power on Monday. [pdf]

As the photovoltaic (PV) industry continues to evolve, advancements in Moroni utility-scale energy storage have become critical to optimizing the utilization of renewable energy sources.

In this first installment of our three-part series, we examine the market dynamics driving the explosive growth of BESS, from utility-scale applications to behind-the-meter solutions.

With funding support from the Asian Development Bank's (ADB) High-Level Technology Fund, the country will build its first large-scale, grid-connected Lithium-Ion Battery Energy Storage System ...

No, it's not sci-fi - it's called Moroni Pumped Hydro Energy Storage, and it's quietly revolutionizing how we store renewable energy. Imagine two reservoirs, one uphill and one downhill, ...

Articles written by Mauro Moroni Markets MACSE could cost "nothing", creating competition between BESS and pumped storage while sidelining hydrogen Mauro Moroni
