

Huijue Group's HJ-ZB Site Battery Cabinet is a modular, outdoor-ready lithium battery solution for telecom base stations, industrial power backup, and off-grid sites.

With advanced BMS intelligence for precise State of Charge (SoC) and State of Health (SoH) tracking, these battery cabinets simplify installation, reduce maintenance, and optimize runtime.

This series of products integrates battery PACK, BMS system, high-voltage box, power distribution unit, temperature control system, and fire protection system. It is designed in a cabinet style, which is ...

Our durable battery and charger cabinets offer protective enclosures that ensure reliable performance across environments. From safe power management to optimal space utilization, we provide ...

Alpine Power Systems engineers and builds customized battery cabinets and enclosures for critical power applications, for utility, telecom, CATV, data center and other applications. Our cabinets and ...

Our cell site enclosure program offers flexibility in design to ensure the requirements for your site will be met. The enclosures may be used as individual stand-alone enclosures or combined on-site to create ...

Designed to exceed IFC24 fire-containment standards, it enables secure storage of bulk, damaged, or prototype batteries without the need for a separate fire-rated room. Lightweight, mobile, and field ...

AZE's All-in-One Energy Storage Cabinet & BESS Cabinets offer modular, scalable, and safe energy storage solutions. Featuring lithium-ion batteries, smart BMS, and thermal management, they're ideal ...

Site Support Cabinets (CUBE SS Series) are durable pad mount enclosures designed to provide robust protection of power equipment and battery technologies deployed in outdoor environments.
