

We manufacture high-quality stationary and mobile Battery Energy Storage Systems (BESS) designed and built in Norway. Our systems deliver reliable power, fast deployment, and industry-leading safety and performance.

Invinity changed the game for non-lithium storage with our modular, factory-built vanadium flow batteries. Today Endurium(TM) and Endurium Enterprise(TM) deliver the most proven, safe & cost-effective alternative to lithium-ion.

Founded in 1864, the group of companies employs more than 800 staff members worldwide and has technology centers and manufacturing sites in Germany, China, Turkey and the USA in addition to several sales and ...

With plans to install significant battery cell capacity by 2025 and beyond, the company is dedicated to producing green battery cells that support the decarbonization of energy and transportation systems.

ENDURIUM, previously code-named &quot;Mistral&quot;, is an evolution of the Company's proven vanadium flow battery technology optimised for use in large-scale energy storage projects of up to a...

Bushveld Energy participates in the global value chain for energy storage through the supply of vanadium, electrolyte & battery investments.

We develop battery modules, racks and energy storage systems designed to power industrial applications across challenging sectors, including construction, maritime, defence, and grid systems. At Nordic Batteries ...

In today's energy landscape, grids require mature, reliable, and scalable storage solutions. CellCube's Vanadium Flow Battery technology, with over +14 years of proven performance in diverse applications ...

We design, develop, and fabricate inherently safe and 100% recyclable energy storage systems. Stranergy leverages additive manufacturing and smart fabrication for fast deployment and innovative electrolyte ...

Vanadis Energy delivers advanced vanadium solid-state batteries offering superior safety, long life, and scalable performance for next-generation energy storage.

**SOLAR** PRO.

**Norwegian vanadium battery energy  
storage company**
