

Many customers explore off grid solutions due to the simplicity and maneuverability of our containers. As long as a truck can get to the plot of land, we can drop your container. Now you have the option to go fully off grid ...

We design and engineer custom Solar Power Systems for Oilfield Services, Gas Pipelines, Off-shore Drilling, Injection Sites, Wellhead Locations and Related Oil and Gas Service Companies.

Discover the world's leading foldable solar container with 40% higher energy density. Solarfold(TM) by Sunmaygo offers quick deployment & 70% lower costs than diesel.

Designed for rapid deployment and all-terrain applications, this self-contained solar system delivers reliable off-grid power to areas where conventional infrastructure is limited, damaged, or non-existent.

OffGridBox technology caters to households and institutional buildings such as health clinics and schools, it powers productive use, and can be installed in humanitarian settings, like refugee camps or post-disaster ...

MOBIPOWER hybrid clean power containers combine battery energy storage systems with off-grid solar containers for remote industrial sites in Canada & USA.

Among the innovative solutions paving the way forward, solar energy containers stand out as a beacon of off-grid power excellence. In this comprehensive guide, we delve into the workings, applications, ...

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

What is LZY's mobile solar container? This is the product of combining collapsible solar panels with a reinforced shipping container to provide a mobile solar power system for off-grid or remote locations.

This ambitious endeavor transforms a standard 20-foot shipping container into a high-capacity, modular, and off-grid power system capable of supporting diverse energy needs.

**SOLAR** PRO.

**Off-grid solar-powered  
container for oil platforms**
