It buys electricity from the Palestine Power Generation Company (PPGC), IEC, and other neighboring countries, which is then distributed to the six Palestinian district electricity distribution companies.

OverviewPetroleumElectricity generationElectricity importsElectricity transmissionElectricity distributionHistoryDebt to IEC Palestine produces no oil or natural gas and is predominantly dependent on the Israel Electric Corporation (IEC) for electricity. According to UNCTAD, the Palestinian Territory "lies above sizeable reservoirs of oil and natural gas wealth" but "occupation continues to prevent Palestinians from developing their energy fields so as to exploit and benefit from such assets." In 2012, electricity available in West Bank and Gaza wa...
