

# Ranking of leading photovoltaic panel film companies

Who are the top 20 global photovoltaic module manufacturers?

During the conference, PVBL announced its annual ranking of the top 20 global photovoltaic module manufacturers. In 2024, the global solar module market continued to see the strongest players thrive, with the top four enterprises -- JinkoSolar, LONGi, Trina Solar and JA Solar -- collectively shipping over 320GW and dominating the industry.

Which country produces the most solar panels in the world?

The Asian industry continues to dominate the global ranking of solar panel manufacturers. Chinese companies hold eight of the top ten spots, including the entire podium. Who are the top 10 photovoltaic module producers in the world?

Who are the top solar companies in the US?

DMEGC (Hengdian Dongci) and others were close behind. First Solar remained the sole US entrant in the top tier, while Aiko debuted thanks to its mass-produced BC cell modules and Huasun ascended rapidly by commercialising HJT technology. As the industry undergoes deep adjustment, obsolete capacity is being phased out quickly.

Who are the top solar companies in 2024?

" Aggressive pricing, intense competition, and constant capital investments weighed heavily on margins as companies fought to maintain long-term leadership in market share and technology. At the top of the 2024 list remains Chinese giant Jinko Solar, followed by compatriots JA Solar and LONGi in second and third place.

PV films are thin polymer layers used in the production of solar panels, particularly in thin-film photovoltaic technologies and as encapsulation materials in crystalline silicon modules. These ...

In this blog, we profile the Top 10 Companies in the Photovoltaic PVB Film Industry --a mix of chemical innovators, specialty material producers, and PVB technology pioneers shaping the future of global ...

PVTIME - On 10 June 2025, the PVBL 2025 Global Top 100 Solar Brands rankings and the PVBL 2025 Global Solar Brand Influence Report were unveiled at the 10th Century Photovoltaic Conference in ...

The research insight on photovoltaics films market highlights the growth strategies of the companies. Know the future scenario, forecast, and current trends in photovoltaics films.

Photovoltaic film, as a key encapsulation material for photovoltaic modules, directly affects the performance and lifespan of the modules. After years of development, domestic film companies have ...

The top 10 photovoltaic module producers in 2023 Chinese companies not only swept the podium but also took six additional spots in last year's top 10. Leading the pack was JinkoSolar, the ...

# Ranking of leading photovoltaic panel film companies

As solar energy adoption accelerates globally, understanding the key players in photovoltaic panel manufacturing becomes crucial. This guide ranks top manufacturers, analyzes market trends, and reveals ...

Based on the 2025 market shipment forecast and technology analysis, this report provides an in-depth overview of the world's top 10 photovoltaic module manufacturers to help ...

The report provides an in-depth analysis of the leading companies operating in the global thin film photovoltaics market. It includes a comparative assessment based on their product portfolios, business overviews, ...

Top 10 Solar Panel Manufacturers by Global Shipments (Q1-Q3 2025) During the first three quarters of 2025, the photovoltaic industry has reached a new balance among the leading ...
