

Rental rooftop solar power generation scam

Whether renting a PV roof is a scam depends on the specific situation. If it is a legitimate company, having a legitimate large company is generally more reliable, but if it is a small company, ...

They exist. It's a very small percentage of rooftop solar companies, but it would be a lie to pretend there aren't any and there's nothing to worry about.

Scams are unfortunately common in the solar industry. Learn more about some of the most likely scams you may face when trying to go solar.

Con artists use misleading sales tactics and lies to trick homeowners out of money and personal information. If you've received an offer for "free solar panels," it could be a scam. Always ...

As solar grows in popularity, more scammers are targeting consumers. Here are three common solar scams to look out for, how to avoid them and how to report solar scams.

The Federal Trade Commission is getting tired of dealing with all the solar panel scam complaints and warns consumers what to watch out for.

It's likely a scam. While there are some government-funded solar programs for households that qualify, "going solar" isn't free. Honest businesses will tell you exactly how much it'll ...

The rooftop solar business is a big source of consumer complaints. The industry is working to repair its reputation. Here's how you can protect yourself.

While you are browsing solar power companies, one of them may offer to install a solar panel or solar roof in your home for a small cost or even for free. It's an intentionally misleading...

It doesn't matter what they're selling--a new roof, driveway repaving, tree trimming, or solar panels--never hire someone who shows up at your door. You have no way of knowing who ...
