

From lithium-ion to NiCd and alkaline, we design and build battery packs tailored to your needs. Get reliable, high-performance power for any application.

Crazell is your trusted engineering partner and B2B supplier for high-performance, custom lithium-ion (Li-ion) battery packs. We specialize in designing and manufacturing reliable, high-energy-density ...

Custom lithium battery pack manufacturer offering expert design, BMS integration & assembly for robotics and industrial use. Get your reliable power solution.

Li-ion battery packs manufactured by Gushine are engineered for a wide range of applications, from handheld terminals and smart hardware to robotics and medical devices. As a full custom solution ...

Our expert engineers and technicians deliver custom, high-performance, reliable, and safe battery solutions tailored to your unique and demanding requirements.

Explore a wide range of custom battery pack assemblies in various chemicals and styles. Contact us to get a quote tailored to your specific application!

Whether you need a standard 18650 configuration or a fully customized lithium-ion solution, our team will create a reliable, high-performance battery pack designed to power your products safely and efficiently.

At Lithion, all of our battery packs are of the highest quality and efficiency. To simplify your choices, you can contact us and together we can talk through your unique energy requirements to create custom ...

As a premier custom battery pack manufacturer, we design and assemble high-performance lithium-ion, LiFePO<sub>4</sub>, and LiPO solutions tailored to your exact specifications.

Based on your requirements, we design a tailor-made battery solution including cell selection, BMS integration, mechanical housing, and connector interfaces. We then build a functional prototype for ...
