

Solar cell inverter solar outdoor power cabinet

The PV Inverter Cabinet for Off-Grid Systems is engineered to securely house inverters, solar charge controllers, and associated electrical components in a single integrated enclosure.

The cabinets are sized to enable mounting of all inverters and charge controllers in the same panel. This makes the installation much safer, whilst keeping all equipment out of sight and protected from the elements.

The outdoor cabinet is weatherproof, easy to install, and built for long-term performance. With remote monitoring, after-sales service, and extended warranty, SUNWAY ensures stable power supply and reduced ...
