

High voltage, large current, low resistance, high reliability, and low cost. Protection grade up to IP68. Certified by TUV and UL. Note: Your Enquiry will be sent directly to QC Solar (Suzhou) Corporation. ...

The QC Solar QC4 Female Connector is purpose-built for connecting solar panels to inverters, microinverters, or combiner boxes in grid-tied or off-grid PV systems.

QC4.10-PLUS connector adopts integrated design of the internal metal parts, making the installation process more simple and more convenient. It has less contact resistance and larger rated current, ...

10/20/40/100 PCS IP68 30A/1500V PV Solar Conenctor QC4 Solar Connector PV Connector Kit for 2.5/4/6mm2 Solar Cable - (Color: 100pcs) Brand: Generic

The QC4 Solar Connector ensures safe, efficient, and durable connections for solar systems, with high-performance specs, full certifications, and bulk sourcing options.

In summary, QC4.10 Mate connector provides a safe and reliable connection solution for the photovoltaic industry with its unique design, excellent performance, and convenient installation.

High voltage, large current, low resistance, high reliability, and low cost. ...

Description These solar connectors from QC Solar are TUV and UL approved, and are rated for 1500V. These will work with 14 / 12 / 10 AWG Wires.

Looking to easily connect your solar panels? Look no further than the QC4 Solar Connector, the latest innovation from Qc Solar.

Looking for a high-quality solar/PV connector? Check out the QC4.10-cd for top performance and reliability. Find the perfect solution for your solar needs.

The QC Solar QC4 Male Connector offers a practical and high-performance connection for modern solar PV projects, supporting applications involving grid-tie systems, solar panel string interconnections, ...
