

Are Huawei and Sungrow a good solar inverter manufacturer?

If the difference in the score is 0.2 or lower, the company will get the same rank. Huawei and Sungrow ranked as the top two global solar inverter manufacturers for the first half of 2025, with scores of 93.9 and 93.7, respectively. This ranking is based on the Global Solar Inverter Manufacturer Rankings H1 2025 report from Wood Mackenzie.

Which companies are leading the inverter market?

Other enterprises, such as TBEA, Senergy, Deye and Ginlong (Solis), followed closely behind. The capital market also recognised the inverter sector when SOFAR successfully went public in April, despite the cooling new energy IPO market.

What is the best solar inverter?

Flagship Solutions: The SUN2000 Series is Huawei's leading inverter line, offering multi-MPPT tracking, AI-powered fault detection, and arc fault protection. It's designed for high-efficiency performance and proactive safety. The Smart PV + ESS Platform combines solar generation with storage and energy management.

Why are inverter manufacturers reinvesting 6% of revenue in research & development?

Despite sustained pricing pressure, innovation remains a key competitive differentiator. Eight of the top 10 inverter manufacturers reinvest more than 6% of revenue into Research & Development, driving advances in digitalisation, power-conversion technologies and faster product refresh cycles, alongside expanding patent portfolios.
