

Several patents relating to novel solar panel designs have emerged, contributing to higher absorption rates and improved energy efficiency.

FIG. 1 is a front, right, and bottom perspective view of a solar panel showing our new design. FIG. 2 is a rear, right, and bottom perspective view thereof.

I have a laptop (Windows 10) with no numpad, so cannot use alt codes to type special characters. I purchased a bluetooth numpad, but it does not seem to work either. How do I make this ...

I would like to know the full list of variables that I can use in Windows Explorer or related relative paths that is accepted by Windows 10. Variables like %appdata ...

In this kind of photovoltaic module, the solar cells are encapsulated between protective films, such as ethylene vinyl acetate (EVA) films, and further protected by a highly transparent front ...

I need to enable the special permissions on the basic tab of security properties, I tried using anything, icacls cmd, etc. Is there a way to check that box?

During last years I have found problems due this special characters, sometimes symbols have to be escaped at scripts. For example @ symbol at username can produce problems because ...

Given the importance of patents to protect solar IP, the rapid growth of the solar industry, and the complexity of the current patent landscape, we strongly recommend partnering with an ...

However, some of the names include some special characters (specifically # and parentheses). I noticed that XLOOKUP does not seem to detect matches which include special ...

The purpose of this utility model is the above-mentioned deficiency for overcoming prior art and provides a kind of special-shaped photovoltaic module, improves Roof space utilization rate,...

In Windows, there is the possibility to type special signs from the keyboard by holding the Alt key and typing a few numbers, that depends on which sign you want to use. Does it work with ...

A high efficiency configuration for a solar cell module comprises solar cells arranged in an overlapping shingled manner and conductively bonded to each other in their overlapping regions to ...

On Word 2007 to 2013 on Windows, you can use Ctrl + Alt + V. On Word 2011 for Mac, you can use Control

+ Command + V. Both of these will bring up the &quot;Paste Special&quot; dialog. There's ...

When I try to save a file, if I use special characters in the name (such as a colon, question mark, or exclamation point) in Windows I get a message saying that the file name is invalid. ...

According to a second aspect, the object of the invention relates to a photovoltaic installation comprising the supporting structure as described above, as well as photovoltaic panels, such as bifacial ...

A timeline of key events for this patent application, including priority claims, publications, legal status, reassignments, and litigation. Google has not performed a legal analysis and makes no...
