

"With the launch of B-VAULT FlexGrid, we are introducing a compact, modular, easy-to-install, and regulation-ready platform tailored for Europe's evolving energy landscape," said ...

Redux Energy is the Swiss energy storage specialist company focused on the development, engineering, design, production and servicing of the safest lithium batteries on the market (LiFePO4), ...

Sustainable, modular, grid-scale battery energy storage solutions with CO2-certificate. For industrial and commercial applications.

Energy Vault SA implements large-scale projects building energy storage systems including gravity-based, battery-based and green hydrogen-based, managed by its proprietary ...

Born as an ETH spin-off, IRON ENERGY builds on Swiss excellence in innovation and engineering. We developed a long-duration energy storage solution feasible for seasonal storage -- enabling ...

We specialize in large-scale energy storage systems, mobile power stations, distributed generation, microgrids, containerized energy storage, photovoltaic projects, photovoltaic products, solar industry ...

Its offerings include proprietary gravity, battery, and green hydrogen energy storage hardware technologies. Its technology portfolio delivers customized short and long duration energy ...

We believe this is an important step toward our mission to make energy storage sustainable. In addition, we provide customized solutions to our partners. We aim to change the way we charge electronic ...

Libattion, a fast-growing, leading-edge company offering stationary energy storage solutions from upcycled electric vehicle batteries based in Zurich, has secured a total of EUR14 million.

Detailed info and reviews on 10 top Energy Storage companies and startups in Switzerland in 2026. Get the latest updates on their products, jobs, funding, investors, founders and ...
