

Who is Vivint Solar?

No current offers available. Vivint Solar has been in the industry for more than ten years. This company started after a home automation and security company decided that solar energy was the wave of the future and something necessary for their survival in the industry.

How does Vivint Solar work?

Three of the options that Vivint Solar uses to help homeowners handle the costs associated with solar services are solar loans, power purchase agreements (PPA), and even a solar lease option. The main solar service from Vivint includes an entire smart home system, truly setting it apart from the rest of the competitors on the market.

Does Vivint Solar work with HOAs?

The overall look of the Vivint solar panels and solar energy systems should be something that works just fine with most HOAs. Vivint Solar has partnerships with LG and even Tesla on some of their technologies.
