

What can be stored in a TV storage cabinet

Should I store my TV in a storage unit?

When you're downsizing, moving, or simply don't have space for your television, storing it in a storage unit is a great option. However, you can't just pack your electronics and leave it in a storage unit. Televisions can be delicate and expensive to replace, so it's important to take necessary precautions to protect them during storage.

How to store a TV long-term?

If you're looking for long-term storage solution and want to keep your television in good condition, a climate-controlled storage unit is the better option. Storing with Shield Storage guarantees you a safe and secured storage unit. Reserve a storage unit today with Shield Storage. There are several things to consider when storing a TV long-term.

Should I store my TV in a climate-controlled storage unit?

With a regulated storage unit, you don't have to worry about humidity and temperature damaging the inner parts and circuits of your TV. Storing your television in a climate-controlled self storage unit will prolong the functionality of your TV despite being stored for a long time.

How do I choose a TV storage unit?

Selecting the perfect TV storage unit is about finding a balance between form and function. Consider the size of your room and the dimensions of your television when browsing for TV and media units. A unit that's too large can overwhelm a small space, while one that's too small may not provide the impact or utility you're after.
