

A wall of strong wind rises from the ground at a point you choose within range. You can make the wall up to 50 feet long, 15 feet high, and 1 foot thick. You can shape the wall in any way you choose so ...

Basically title, is there a list that shows every single champ and ability and whether it can be windwalled or not?

Consider what may happen if you lined up as many knives as you could find and threw them all up simultaneously at something above you. Want to make it very cloudy very fast? Grab a ...

If your DPS comes from an archer battlemaster or a sniper rogue, they're not going to be too happy with your wind wall. The EB warlock will shrug and blast away.

Wind-lock Electrical Box Hot Knife Blades are designed specifically for rousing in Electrical Box receptacles in ICF Walls with the use of a G2 Hot Knife, 2-QC Hot Knife or SuperGroover.

The wind wall can indeed surround the vampire, but unless the ceiling of the room is 15 feet or lower, then the vampire will be able to fly over the wall unless the form of the wall is taken to have a dome ...

Loose, lightweight materials brought into the wall fly upward. Arrows, bolts, and other ordinary projectiles launched at targets behind the wall are deflected upward and automatically miss.

Designed to be as aesthetically pleasing as it is functional, this "kinetic wall" is made up of an array of rotary blades that spin individually, driving a generator tho create clean, renewable electricity on site.

I'm considering how it effects fire bolt right now. I'll probably rule that it passes through the wind wall, but the fluff text for that spell really makes it sound like a tiny mote of combustible gas ...
